FRENCH ARMY ADVANCES IN ALSACE--RUSSIANS SUCCESSFUL

AMERICANS COME HOME IN SAFETY

More Than 1600 Arrive in New York Harbor This Morning

RICH FOLKS IN STEERAGE

Laconia Steamed at Night With Lights Out and Disguised As Norwegian Steamer—Dodged German War Vessels But Saw None—Many More Ready to Come.

(ASSOCIATED PRESS TELEGRAM) New York, Aug. 17.—More than 1600 passengers, most of them Americans who hurried out of Europe at the outbreak of hostilities, reached New York today on the Cunard liner Laconia, from Liverpool. There were 543 in the first cabin, 477 in the second and 649 in the steerage. Sixty in the steerage were persons of wealth who could get no other accommodations.

Besides steaming at night with lights out to avoid German warships the Laconia had her top sides, bridge and funnels painted to resemble a steamer of the Norwegian line. On August 10 she was spoken by the big Aquitania now a British cruiser. Many of the Laconia's passengers endured hardships, in getting out of the war zone and most of them left their baggage behind.

The Laconia came straight across the Atlantic and saw none of the enemy's ships.

\$300,000 WILL BE HANDED PAGE FOR RELIEF WORK

(ASSOCIATED PRESS TELEGRAM) London, Aug. 17.—After a conference today between Henry S. Breckenridge, assistant secretary of war of the United States and Ambassador Walter Hines Page, the former stated that \$300,000 would be handed to Mr. Page for use in London in relieving American citizens stranded in the British Isles owing to the outbreak of the war.

Mr. Breckenridge and his party intend to leave London at midnight for Falmouth whence the American cruiser Tennessee is to sail tomorrow morning for Rotterdam. Mr. Breckenridge hopes to reach Germany by that route.

Mr. Breckenridge says he has no idea what he will be able to accomplish until he reaches his destination.

ITALIAN REFUGEE SHIP IS SPOKEN; OHIOANS ABOARD.

(ASSOCIATED PRESS TELEGRAM) On Board Steamer Principe Udine, by Wireless to St. Michaels, Azores Islands, Aug. 17.—The Italian steamship Principe Udine from Genoa for New York, with over 400 Americans on board, is today in wireless communication with the Azores. The voyage has been without incident. The following further names should be added to the list of American passengers on board, transmitted yesterday by wireless to the station at Cadiz, Spain:

"From Cincinnati, O., Miss Amanda Glazer; Dayton, O., Henry Burnett and party."

FIRST STANDARD TAKEN BY FRENCH SHOWN AT PARIS.

(Associated Press Telegram.) Paris, Aug. 17.—The first Prussian eagle captured by the French during the present war, swung today above the entrance to the French war office in Paris. It is the red and black flag bearing a Prussian eagle in the center which was borne into battle by the first lower Alsatia Infantry regiment No. 132 of the German army when it came into action at Saint-Blaise, also known as Sainte-Marie-aux-Mines and Marbach. The regiment came from the German fortress of Strasbourg.

The flag was taken by the tenth battalion of French rifles and was brought to Paris last night by Colonel Marcel Serret, former French military attaché at Berlin.

Crowds of Parisians stood hour after hour this morning staring at the captured standard.

Scenes and Notables in European Conflict Now Waging.

Waiting for Train at a Paris Railroad Station.

No braver soldiers exist in Europe than the French, and it was with the wildest enthusiasm that they responded to the call to arms, to fight their traditional enemy, Germany. The hatred for the Teutons has been passed to this from the preceding generation, and sons are now in the field whose fathers suffered in 1870. In the pictures are shown French soldiers taking the last meal before departing for camp, and a scene as they are entraining for the front. The upper insert is a photograph of Prince William of Lippe, who was the first European notable to be killed in the present war. The lower picture is of General Joffre, commander of the French military forces, the youngest man ever to hold this important position. He was selected by the college of generals, and did not get his elevation by political pull or favoritism.

United States Will Not be Drawn Into War By Japanese Ultimatum to Germany, is Assurance

(ASSOCIATED PRESS TELEGRAM) Washington, Aug. 17.—Japan's ultimatum to the Berlin government demanding that Germany withdraw from Kiauchau, its stronghold in China, overshadowed in Washington today all developments growing out of the war in Europe. One outstanding feature of the crisis was the determination of the United States not to be drawn in to the controversy. Administration officials look upon it as an issue strictly between Japan and Germany.

Secretary Bryan was assured by Baron Chinda, the Japanese ambassador, that the Tokyo government would exercise utmost care to safeguard the interest of the United States and other countries not immediately involved during settlement of the issue.

Baron Chinda presented a note from his government which comprised the announcement of the ultimatum and a statement of Japan's intention to restore Kia Chau to China. Germany took the territory from China after the killing of several German missionaries sixteen years ago.

Since the German fleet sailed into Kia Chau harbor and claimed the territory as indemnity for alleged attacks on German missionaries, Japan's avowed intention has been to restore it to her Oriental neighbor. The Anglo-Japanese alliance was said to have brought about Japan's decisive step in that direction. Recent exchanges between officials of the Japanese and British governments were said to have resulted in Great Britain's taking the attitude that her "special interests" in the far east as mentioned in the treaty, were menaced by the operations of German warships in Oriental waters and by the general situation involving Germany's military strength in Kia Chau. Japan was said to have lost no time in accepting the British viewpoint.

PROTEST OF UNITED STATES AGAINST JAPAN'S ACTION, URGED IN CONGRESS

Resolution That This Country Views With Alarm Any Territorial Addition to Empire.

(Associated Press Telegram) Washington, Aug. 17.—A resolution directing Secretary of State Bryan to protest against the announced intention of Japan to take over the German leased territory of Kiauchau, was introduced in the House today by Representative Britten of Illinois.

The resolution quotes the Japanese ultimatum to Germany demanding the withdrawal of all German armed forces in Chinese territory or waters and the surrender of Kiauchow to Japan, and continued: "Whereas it is self-evident that the release of said territory to the Japanese government would be inimical to the interests of the United States and China whose territory should be preserved; therefore be it,

"Resolved, that the secretary of state be, and he hereby is, directed to communicate with the Japanese government, that the United States views with concern the transfer by force of arms of any Chinese territory to Japan or any other nation, or any transfer of territory without the unconditional consent of the Chinese government."

Struck Match in Garage, Terrific Explosion Followed Killing Three, Injuring Five

(Associated Press Telegram) Zanesville, O., Aug. 17.—Somebody struck a match at the Walker Garage at McConnellsville late Sunday afternoon after the top of a can of gasoline had been taken off so it could be emptied, and in the explosion which followed one garage worker, Edward Sheets, aged 25, was instantly killed, eight others were hurt, four of whom died later, and four buildings were wrecked, causing a loss of approximately \$200,000, partially covered by insurance.

The Dead. Edward Sheets of McConnellsville, burned to death. Herman Hook of McConnellsville. Unidentified man, whose body is still in the ashes of the burning building.

The Dying. Frank Walker of McConnellsville. Chester Walker of McConnellsville. Frank Bartlett, 10 years old. Mrs. Chappell of Chester Hill, O. Mrs. Parodon, of Pennsville, O.

Slightly Injured. Ernest Ridgely, who may live, as he did not inhale any flames. James Chappell, hands and part of his body burned.

Chappell's little baby escaped with a few slight burns on the hands. The injured were taken to a hospital and private residences.

The garage had run out of gasoline and a car brought 50 gallons from

Chester Hill. Frank Walker, one of the owners of the garage, in a lucid interval tonight, said the top of the gasoline tank had just been taken off when somebody in the crowd struck a match and this caused the explosion.

The garage was in flames in a minute and a small crowd of spectators who had escaped injury rushed out of the doors and windows. A few minutes later only the front wall of the garage was standing and the flames had spread to the Charles Johnson home, which burned to the ground. The Brustus Beckett building, containing a grocery and three apartments, was totally destroyed and the Virgil Van Horn blacksmith shop was partially destroyed.

Sheets was underneath another car repairing it when the explosion came. His body was found under the car after the ruins had cooled sufficiently.

Chester Walker and Ernest Ridgely were blown clear across the room and Frank Walker crawled out on his hands and knees.

EXPECT REFUGEES IN SWITZERLAND. (Associated Press Telegram) Washington, Aug. 17.—Consular reports to the state department from Genoa, Italy, state the 5000 American refugees are expected to arrive there from Switzerland. Twenty-five hundred are already at Genoa awaiting transportation.

Activities of Allies Seem to be Apparent In European Conflict

French and Russian Forces, Both on Land and Sea, Are Operating Against Germany and Austria According to Latest Dispatches Available

JAPAN'S ULTIMATUM HAS COMPLICATED SITUATION

One of the Latest Complications is That Turkey is Taking Advantage of Hostilities to Probably Harass Greece—Strictest Censorship Prevents Authentic News of Whereabouts of England's Great Fleets—Latest War Bulletins.

The censorship put into effect by the British authorities over the movements of the Empire's armed forces afloat and in Belgium, is effective to a remarkable degree. Not one word of news has come through for several days past concerning British military or naval activities. Censored despatches from Brussels and Paris have frequently referred to the presence of British troops arrayed against the forces of Germany, but not one word has been allowed to come through from any source to indicate what the numerical strength of the British field army may be, or where the units may be located.

Equal secrecy shrouds the movements of the British warships believed to be holding the German fleet in check in the North sea.

Not one word has come through of the position of any British or German battleship, cruiser or torpedo boat in these waters. So far as the general public is concerned, naval activities in European waters are a sealed book.

French official reports assert that the French armies continue their forward march in Alsace where many guns are said to have been captured from the Germans as well as many prisoners and the standard of an Alsatian infantry regiment which is now in view of the French war office.

names could not be ascertained were sunk by the French fleet. A great number of French and English warships are said to be patrolling the coast.

(ASSOCIATED PRESS TELEGRAM) London, Aug. 17.—(5:33 P. M.)—A Brussels dispatch to the Exchange Telegraph company says the French casualties in the fighting between Namur and Dinant were heavy as the Germans were strongly entrenched and their artillery at the outset played great havoc with the French.

(ASSOCIATED PRESS TELEGRAM) Paris, Aug. 17.—(2:45 P. M.)—The ministry of marine announced today that a French fleet under Admiral de la Peyrere had sunk an Austrian cruiser which was blockading the Montenegrin port of Antivari.

FOOD PRICES DROP AS PROBE IN OHIO BEGINS

(ASSOCIATED PRESS TELEGRAM) Cleveland, Aug. 17.—Food prices in Cleveland tumbled today as county and federal authorities started in earnest on their investigation of alleged conspiracies to fix prices. Flour, all kinds of meats, potatoes, beans, oranges, all shared in the general drop today.

Sugar still remained at the high mark of 8 1-2 cents a pound.

U. G. Denman, United States district attorney, first aims to make a careful comparison of prices before the European war with those that have since existed. Then he will delve into the reason for the advance. Cyrus Locher, and his assistants, who are conducting an independent investigation, have been informed that local meat storage houses are overstocked with meat which is being held for higher prices. This report was being investigated this afternoon.

BRITISH OFFICER EXPIRES IN TRAIN

(Associated Press Telegram) London, Aug. 17.—Lieutenant General Sir James M. Grierson died suddenly in a train in England today.

General Grierson, who was born in 1839, was one of the foremost of British military leaders. He had a long war record and at the time of his death held the eastern command in the British army.

OFFICIAL NEWS OF OPERATIONS OF RUSSIAN ARMY.

(Associated Press Telegram.) St. Petersburg, via London, Aug. 17.—The Russian war office today issued an official communication giving information as to the recent military movement on the frontier between Austrian Galicia and Russian Poland. It says:

"The defensive operations and the movement of reconnoitering detachments of the Russian army on the frontier of Galicia, between Aug. 13 and 17, led to a series of attacks by cavalry supported by infantry and artillery."

"In the provinces of Piotrkoff and Kielce, the Austrian cavalry occupied a front of over fifty miles in length, extending along a line from Tchenstochova through Andromed to Sandome. The cavalry was supported by infantry and by artillery."

BANDITS

COVERED BANK OFFICIALS WITH REVOLVERS AND GOT AWAY WITH \$3,000.

Used Automobile Which Belonged to a Preacher to Make Their Escape.

(Associated Press Telegram) Pittsburg, Aug. 17.—(Bulletin)—Two men entered Homestead National Bank, covered officers with revolvers, took all available cash and fled, escaping in an automobile today.

Most of the tellers and clerks were at lunch and Cashier J. H. Thoenner with George Turner, bookkeeper, were the only officials in the banking room. Several depositors stood before the teller's window where Turner and O'Leary were conversing with them when the two men entered. Both were heavily armed and commanded "hands up."

While one covered the officers and patrons of the bank, the other robber went behind the desk, scooped together all the cash in sight, jammed it hurriedly into a hand satchel and then the two with revolvers still covering the victims, backed out of the door.

The amount of money stolen is not accurately known but Cashier O'Leary thinks it is about \$3,000.

The robbers were overtaken by Milfin townships by constables who opened fire. The robbers returned the fire, dropping Smith with a bullet in the leg and Dixon with a shot in the shoulder and then escaped.

DOUBLE DOSE FOR SUTLEY; HE BROKE PROMISE

Failure of Wesley Sutley to keep his promise to Mayor Bigbee made ten days ago, probably will cause him much regret within the next 100 days, which period of time he will be languishing in the Columbus work house with ample time to reflect.

Sutley was arrested Sunday morning by Headquarters Officers Hager and Francis on complaint of Wethia Hendren of Harrison street who charged that Sutley was annoying her. She also charged that Sutley had struck her Saturday night. Sutley had been warned by the police to cease his attentions upon the woman some time ago.

In police court Monday morning the defendant was fined \$25 and costs for his latest escapade and a similar sentence, suspended ten days ago when he promised the mayor to go to Bucyrus where he claimed to have a job, was ordered executed. The combined sentences will keep him in the Columbus institution more than 100 days.

REFUSED TO BE OPERATED ON

Afflicted Woman Was Right in Ascribing Ills To Her Nerves—Nerv-Orth Brought Results.

"I have been in a terribly nervous state. My circulation was poor, my feet cold all the time, I had dizzy spells, spots before my eyes. At night I was restless. I could not sleep. My appetite was poor and at times my heart was affected. I felt as if I was going to die, but last week my husband got me a bottle of Nerv-Orth. It has done me more good than any medicine that I have ever taken in my life. I had been in bad health for three years. Every doctor I consulted said I had female trouble and advised an operation, but I felt certain it was my nerves all the time and I would not consent to an operation."

This is a remarkable statement. It vitally concerns every woman afflicted as was Mrs. Vesta Harris, of Zanesville, who wrote the above words. Why worry over visions of the operating table when Nerv-Orth, the new Nerv-Orth, may be tried without risk? Remember that it is being sold in Newark by the T. J. Evans Drug Store, Warden Hotel Building, and sold on a guarantee. Your money back if it doesn't help. Go there for a free sample dose and hear what the Nerv-Orth specialist has to say. Any number of doses taken in order will be taken without harm. Nerv-Orth contains no habit-forming drugs—no opiates, bromides, narcotics or coal-tar products. (Adv.)

BROKEN MAIN FLOODS TRACK IN R. R. YARDS

B. & O. tracks in the yards near the round house and shops were flooded at midnight Saturday when an 8-inch water main blew out a plug. Practically the entire contents of the city waterworks reservoir escaped through the break in the main, before telephone communication was established with the waterworks pumping station and the water shut off. Service Director Christian states that between two and three million gallons of water was wasted.

The escaping water filled the ash pit and inundated the tracks in the vicinity, washing the ballast from under the ties in some places.

PAVING BIDS OPENED.
Bids were opened in the office of the service department at noon Monday for the paving of Oakwood avenue from East Main to McKinley. R. H. Nutter & Co., of this city and Henderson Brothers of Coshocton were the only bidders. Employees in the service department are tabulating the bids.

GOLD!

There's lots of it—but generally too mixed with rock to be profitable.

Much the same with food value. The nourishment in many foods is in such form that it cannot be readily assimilated.

Grape-Nuts is scientifically prepared from wheat and barley to present their rich nourishment in easily digestible form.

Long baking (about 20 hours) breaks down the starch cells—making it partially pre-digested and readily assimilable by the most delicate stomach.

The food is delicious!

HOUSE PASSES THE ORIGINAL SHIPPING BILL

(ASSOCIATED PRESS TELEGRAM)
Washington, Aug. 17.—By a vote of forty to twenty the Senate today rejected the conference report on the shipping bill to admit foreign built ships to American registry, and proposing to open the coastwise trade to foreign craft.
The House bill then was adopted by the same vote. It only extends American registry of all foreign built ships for approval. It is believed he will sign it.

ASK FOR SEWER BEFORE PAVING WORK IS DONE

Locust street residents, in a petition which will be presented to council Monday night, seek to have a sewer constructed in that street before the paving work, which has been delayed on account of lack of brick, is resumed again. The cement curbing and gutters have been completed and a part of the gravel foundation has been hauled in but the work was suspended because of the shortage of bricks. Now the residents ask that the work be still further delayed until the sewer can be constructed.
This is the only measure of importance which had been offered for consideration at tonight's meeting, up to noon Monday.

THREE MEMBERS OF ONE FAMILY HAVE TYPHOID

Three trips of the Bazler & Bradley ambulance Sunday conveyed three members of one family to the Newark Sanitarium where they will receive treatment for typhoid fever. The patients are Mr. and Mrs. Edward Long and their daughter, Miss Elsie Long, who live at Stevens street and Prior avenue. The three members of the family were attacked simultaneously last week and after the ailment was diagnosed as typhoid fever it was deemed advisable to remove them to the Sanitarium where they could get careful nursing. Miss Long's condition is more serious than that of either her father or mother. It is believed that all will recover.

TEACHERS BEGIN INSTITUTE WORK AT HIGH SCHOOL

HEISEYS DEFEAT C. A. C. IN GAME AT WEHRLER PARK

The double header at Wehrler park Sunday afternoon was witnessed by a fair sized crowd. The first game between Washington, A. C. and Heisey's, was the best game ever witnessed in the Capital City league. The second, contest between C. A. C. and Heisey's was a good game up to the ninth inning, when Heisey's netted three runs on two walks, a hit batsman and a two base hit. The loose playing in the field by the C. A. C. and Carpenter's wildness at times, lost the game. The score:

R H E
Heisey's 11 10 0 0 2 0 3—7 5 3
C. A. C. 0 0 0 0 0 0 0 0—0 2 6
Batteries—Minchatt and Strawn; Carpenter, Behler and McCarty.

OPENS UP NOSTRILS, CLEARS HEAD, ENDS COLDS OR CATARRH AT ONCE

Instantly Relieves Swollen, Inflamed Nose, Head, Throat—You Breathe Freely—Dull Headache Goes—Nasty Discharge Stops.
Try "Ely's Cream Balm."
Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; fullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.
End such misery now! Get the small bottle of "Ely's Cream Balm" in any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharge and a feeling of cleansing, soothing relief comes immediately.
Don't lay awake tonight, struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.
Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

South American Trade.

Some people think the United States can now annex a little yearly item of \$500,000,000 South American trade, merely by providing the needed shipping facilities. Undoubtedly Brazil, the Argentine, etc., will buy in our country while customary sources of supply are tied up by the war. But if the war lasts but a few months, great European exporting houses are not going to lie down while Uncle Sam walks off with their trade.

Business methods in dealing with these countries must be radically changed, as all intelligent observers know. A system of American banks is needed. An American business man recently said it took him three days to cash a United States sub-treasury draft. Uncle Sam is not on the map. The foreign bankers take copies of every invoice and scrap of paper that goes through their hands. They know the prices at which goods are sold by American producers, and that valuable information is transmitted to Europe.

In this country where social relations must precede business success. Business goes by favor and friendship.

Perhaps our exporters do not so frequently print Spanish directions on goods used in Portuguese speaking countries. But they still have too much of the slap dash method. The salesman with a smattering of Spanish tries in vain to push our goods. It is about as if a Hungarian laborer, just out of night school, should try to sell grand pianos in a swell American residence street.

No mere emergency buying for a brief war period will win that trade. But there is a great field for young men who will study the South American temperament and learn its whims and individualities. The buying that will be done here during the present war gives unique opportunity to make a start, and open up new markets for American products.

People's Verdict.

Tribute to Wilson.

(Ohio State Journal.)

The people of the United States are daily paying President Wilson just about the highest tribute which a people could pay a president in their quiet satisfaction, universally observable, that he is in charge of the nation's interests in these trying times. Men who fought the president on his tariff policy, his trust policy, his banking policy and even his Mexican policy are glad now that he is where he is. Men of all parties and all shades of political and economic opinion are Wilson men for the time being, because they have full confidence that he will keep us out of any entanglement in a needless wicked and destructive war.

We hear Progressives say that they're mighty glad Roosevelt isn't president now. Republicans tell us that they're glad Taft isn't in the White House. The idea is that Roosevelt would become unduly excited and feel it his duty to get us into so big a thing as a world war and that Taft, in his good-natured way, would let things drift along until we became involved in some way or other. Whether these views are correct or not is a matter of no moment, but it is a wonderful testimonial to President Wilson that no man, Republican, Progressive or Democrat, seems to have the slightest fear that the war is going to cause this nation any unnecessary loss as long as he is in the White House.

Many newspapers are wondering what this great war will be called in history. To mention all of the powers involved would make the name too cumbersome and as a few spots of Europe may escape from the conflict "European war" may not exactly fit. The second British-American war was known as the "war of 1812". As the present struggle bids fair to be the greatest in history, will it not be known as the "war of 1914"?

If Mexico had only behaved herself think of the good American dollars tourists would be taking down there in the next few months. Estimates of the number of Americans in Europe at the beginning of hostilities range from 100,000 to 300,000. It is safe to say that they spend \$10 a day on the average. That means more than a million a day. This money will now be kept at home and that's some advantage.

If Japan and Germany clash it will perhaps be in the Pacific ocean but this will not necessarily result in changing the name of the ocean.

Struggle of Giants.

The triple entente and the triple alliance, regarded for a long time as preserving the balance of power in Europe and as being a great factor in peace, are shown in their true light as being a most serious menace to international peace. The wisdom of the founders of the United States government in formulating the principle that this nation should never engage in foreign entanglements is likewise demonstrated. England, with no direct alliance with Russia, is nevertheless drawn into the conflict by reason of the entente cordiale with France. France has been forced into the fight by reason of her alliance with Russia. The struggle of giants is on.—Washington Post.

Price of Food.

The men who are cornering food may have to face new laws as well as old ones. In his note to the Attorney-General yesterday the President asked for information as to existing laws and for an opinion as to what additional legislation may be needed. Extraordinary wrongs or perils call for extraordinary remedies. When Europe, confronted by war, attempted to draw upon our gold excessively we stopped specie payments. When Old-World investors in a panic undertook to throw back upon this market hundreds of millions of securities the Stock Exchange was closed. If we cannot reach the gamblers in food in one way we must do so in another. The President's statement that the increase in most food prices is unwarranted is very conservative. It is altogether artificial and arbitrary.—New York World.

Monroe Doctrine.

Ninety years ago American statesmanship announced the policy of the Monroe Doctrine. Its announcement was to meet an immediate situation. But its framers thought in a large way. They had vision. It may not have been consciously prophetic. If not then they build better than they knew. Consider what might be our situation in the present crisis without the Monroe Doctrine. AUGUST.

This is the month of August, according to men's talk; and now the sprightly toasts lays in his winter stock. His heavy clothes he's getting, big shipments every day, while yet we're sorely sweating and shooting flies away. The urban genital seizers who run the hardware store, are chucking ice cream freezers where they'll be seen no more; and from dark hiding places,

in attics or in sheds, they bring, with cheerful faces, last winter's skates and sleds. The corn is turning yellow, the grass will shortly die, the pumpkin's growing, mellow, and almost fit for pie. So let us prize and cherish fair August's sizzling heat, for it will shortly perish, the warmth that can't be beat. The glad sunbeams that cheer us will seek another clime, for Autumn's drawing near us, and good old Winter time: it's surely rather funny that o'er free heat we fret, for soon we'll pay out money when we would raise a sweat. And the old hibernator all shivering, well squat, and wish we could return or relapse to August hot. So let all lads and lassies enjoy this happy month: in every year that passes it comes only once.

CREMATE BODIES OF INSANE NEGRO'S FEARFUL CRIME

(ASSOCIATED PRESS TELEGRAM)

Chicago, Aug. 17.—The bodies of the two children of Mamah Borthwick, soul mate of Frank Lloyd Wright, who with their mother and two others, were murdered in Wright's bungalow at Spring Green, Wis., Saturday, will be cremated today. This statement was made by Edward H. Cheney, father of the children, who brought their bodies back to Chicago last night.

The negro servant, Julian Carleton, employed at the bungalow, who set fire to the place and killed his victims with a hatchet as they rushed from the place, is in jail at Dodgeville, Wis., where his wife, also a servant employed by Wright, is incarcerated. The negro is believed to be insane.

MEAT PRICES HAVE DECLINED IN CHICAGO

(ASSOCIATED PRESS TELEGRAM)

Chicago, Aug. 17.—Coincident with the opening today of the federal investigation here into the advance in prices of food stuffs, cut meats at the stockyards declined 25 to 30 cents a hundred wholesale. This is said to mean a retail decline of about one cent a pound. It was explained that the recession in prices was due to receipts of hogs and cattle nearly double those of a week ago.

Mrs. George Law to Become British Nurse

Mrs. George Law, the American millionaire widow, who has spent most of her time in London in the last few years, has announced that she will go to the front as a hospital nurse. She will probably seek the British army in the field in Belgium, and act with scores of other women who have already gone into the field. Mrs. Law has been persona grata at the Court of St. James for several years, and she is said to enjoy intimate acquaintance with the royal family.

FALL OF 35 FEET CUTS MAN'S LIP

A fall of 35 feet from the Pennsylvania railroad bridge just east of the B. & O. station early Sunday morning resulted in a slight cut on the lip of Jack Morgan. He thought he was more seriously hurt and any one seeing where he fell would have been willing to concede that he was wounded in his belief that he was.

Night men on duty at the station who saw Morgan when he fell, declare that he was being chased by several other men, who disappeared in the darkness. What the trouble was, Morgan did not explain and the authorities believe it was the result of a fight.

Morgan had proceeded part way across the bridge when he missed his footing and fell headlong to the rocks in the creek bed below. It is a drop of fully 35 feet at this point and Morgan's escape from being dashed to death, is regarded as little short of miraculous.

The Bazler & Bradley ambulance crew, which removed him to the Newark Sanitarium, experienced considerable difficulty in getting the man out of the creek bottom. At the Sanitarium Monday it was declared that aside from the slight cut on his lip, and some minor bruises, Morgan was unhurt. He was discharged from the institution Monday afternoon.

Witness it without experiencing a deeper reverence for God and a stronger desire for righteousness. It tells the simple Bible story from first to last, and it illustrates it all with most beautiful pictures. Excepting the first part, nearly all the films are richly hand-colored, and in this respect superior to anything ordinarily shown.

In the morning address, the Pastor spoke on "The Second Coming of Christ," from the text, "When Christ, who is our life, shall appear, then shall we also appear with Him in glory."—Colossians 3:4.

Sympathy was expressed for the long-held view that Jesus, at His Second Coming, would be a man in the flesh to reign as an earthly monarch; nevertheless, the speaker styled this view absurd. Christ had accomplished the work for which He was made flesh. He was glorified and ascended up to Heaven—"where He was before"—on the spirit plane. The One who is to come again is the Lord of Glory, and not the man of sorrows, and He is to come in power and great glory.

The Pastor explained that Jesus at His Second Coming in glory would not be visible to human eyes—even as angels of glory are invisible to men. Nor would it be advantageous to the world that their physical eyes should be opened as were those of Saul of Tarsus. The effect might be the same. The promise of the Bible, that "all the blind eyes shall be opened," and that "Every eye shall see Him" relates not to the natural eye, but to the eyes of understanding, so long darkened, confused, bewildered by error. The True Light will shine; the True Knowledge of the Lord will fill the earth and all will receive a blessing thereby.

Christ's Parousia and Epiphania.

Careful Bible study reveals the fact that different Greek words are used in respect to Christ's Second Coming. One word, *parousia*, signifies presence—not coming in our ordinary use of the word. Over and over again the Scriptures tell of the Presence of the Son of Man in the end of this Age, and relate that during His Parousia, the world will be aware of it, and attending to the ordinary affairs of life. The only ones who will know will be the most saintly people of God and these will know, not by some outward sign, but by the Light of the Lamp of God's Word. "Ye, brethren, are not in darkness, that that day should overtake you as a thief"—though it shall come as a thief and as a snare on all the world.—1 Thessalonians 5:4.

An increasing number of Bible Students all over the world are convinced from the Scriptural testimony, backed by the outward evidences, that the Parousia of our Lord began in October, 1874. The great enlightenment that has come to the world as well as to Bible Students during the period since is accredited to the fact that we have been living in the dawning time of the New Dispensation.

But the Scriptures with equal clearness point out that the Presence of Jesus is to be made manifest to the world. He is to "appear," to be "revealed." His Presence is to be made known to the whole world so that every eye may see Him; that is, that the eyes of understanding of the whole human family may be opened to a realization of the great truth that the Messiah's Kingdom has come into power, and is thenceforth to rule the world, to overthrow sin, to uplift righteousness, to bless all the willing and obedient and to destroy in the Second Death all wilful sinners.

According to the Bible, it will be a terrible, rude shock that will startle the world and open the eyes and ears of their understanding and prepare them for the Highway of Holiness. The revealing, or manifesting, to the world of Messiah's Presence as the New Ruler of earth, will come with a great Time of Trouble, which the Prophet declares will be severe than anything ever before known—"A time of trouble, such as never was since there was a nation" (Daniel 12:1). It will be a time of judgments, of punishments, upon nations, individuals and ecclesiastical systems, as well as upon inequitable financial institutions.

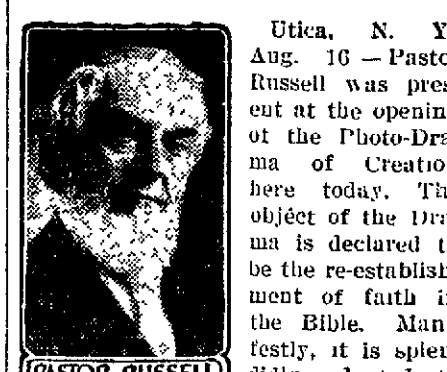

The symbolic picture is that the

PASTOR RUSSELL

Utica, N. Y., Aug. 16.—Pastor Russell was present at the opening of the Photo-Drama of Creation here today.

The object of the drama is declared to be the re-establishment of faith in the Bible. Manifestly, it is splendidly adapted to this end. None can

witness it without experiencing a deeper reverence for God and a stronger desire for righteousness. It tells the simple Bible story from first to last, and it illustrates it all with most beautiful pictures. Excepting the first part, nearly all the films are richly hand-colored, and in this respect superior to anything ordinarily shown.

In the morning address, the Pastor spoke on "The Second Coming of Christ," from the text, "When Christ, who is our life, shall appear, then shall we also appear with Him in glory."—Colossians 3:4.

Sympathy was expressed for the long-held view that Jesus, at His Second Coming, would be a man in the flesh to reign as an earthly monarch; nevertheless, the speaker styled this view absurd. Christ had accomplished the work for which He was made flesh. He was glorified and ascended up to Heaven—"where He was before"—on the spirit plane. The One who is to come again is the Lord of Glory, and not the man of sorrows, and He is to come in power and great glory.

The Pastor explained that Jesus at His Second Coming in glory would not be visible to human eyes—even as angels of glory are invisible to men. Nor would it be advantageous to the world that their physical eyes should be opened as were those of Saul of Tarsus. The effect might be the same. The promise of the Bible, that "all the blind eyes shall be opened," and that "Every eye shall see Him" relates not to the natural eye, but to the eyes of understanding, so long darkened, confused, bewildered by error. The True Light will shine; the True Knowledge of the Lord will fill the earth and all will receive a blessing thereby.

Christ's Parousia and Epiphania.

Careful Bible study reveals the fact that different Greek words are used in respect to Christ's Second Coming. One word, *parousia*, signifies presence—not coming in our ordinary use of the word. Over and over again the Scriptures tell of the Presence of the Son of Man in the end of this Age, and relate that during His Parousia, the world will be aware of it, and attending to the ordinary affairs of life. The only ones who will know will be the most saintly people of God and these will know, not by some outward sign, but by the Light of the Lamp of God's Word. "Ye, brethren, are not in darkness, that that day should overtake you as a thief"—though it shall come as a thief and as a snare on all the world.—1 Thessalonians 5:4.

An increasing number of Bible Students all over the world are convinced from the Scriptural testimony, backed by the outward evidences, that the Parousia of our Lord began in October, 1874. The great enlightenment that has come to the world as well as to Bible Students during the period since is accredited to the fact that we have been living in the dawning time of the New Dispensation.

But the Scriptures with equal clearness point out that the Presence of Jesus is to be made manifest to the world. He is to "appear," to be "revealed." His Presence is to be made known to the whole world so that every eye may see Him; that is, that the eyes of understanding of the whole human family may be opened to a realization of the great truth that the Messiah's Kingdom has come into power, and is thenceforth to rule the world, to overthrow sin, to uplift righteousness, to bless all the willing and obedient and to destroy in the Second Death all wilful sinners.

According to the Bible, it will be a terrible, rude shock that will startle the world and open the eyes and ears of their understanding and prepare them for the Highway of Holiness. The revealing, or manifesting, to the world of Messiah's Presence as the New Ruler of earth, will come with a great Time of Trouble, which the Prophet declares will be severe than anything ever before known—"A time of trouble, such as never was since there was a nation" (Daniel 12:1). It will be a time of judgments, of punishments, upon nations, individuals and ecclesiastical systems, as well as upon inequitable financial institutions.

The symbolic picture is that the

whole fabric of society, ecclesiastical, political, financial, will be "on fire." St. Peter declares symbolically that "the elements will melt with fervent heat"—the social elements. Concerning that awful trouble, the Bible declares, "He shall be revealed in flaming fire, taking vengeance." All will know, all will see, all the world will mourn and be in terror, the more so because of the false doctrines which have represented that beyond the present life is an eternity of torture for all except the saintly elect few. Such wrong visions of the future make doubly severe the trials and disappointments and losses of the present life which are the real judgments of the Lord, the Bible knowing nothing of an eternity of torture in the future, but telling us everywhere that the dead sleep, waiting for the glorious Kingdom of Him who redeemed them more than eighteen centuries ago by the sacrifice of Himself.

Christ will not appear to His Church in flaming fire—only to the world: "When He shall appear, then shall ye also appear with Him in glory." Before the consummation of that great Time of Trouble, every saint, every member of the Church of the First-born, whose names are written in Heaven, will have been changed from earthly nature to spirit nature, because "flesh and blood cannot inherit the Kingdom." Neither will the sympathy of Christ, or the sympathy of the Church with poor humanity, interfere to prevent the great catastrophe with which this Age will end.

The Kings, Emperors and Czars of the world would no more give over to Jesus their power and rule and government than would the clergy give over the spiritual control. The Divine Program seems to be to allow human institutions to wreck themselves in showing their own incompetency and opposition to the Divine arrangement.

Thank God for the better Day beyond—when the Sun of Righteousness shall arise with healing in His beams for the blessing of all the families of the earth! Thank God that the Redeemer, full of sympathy, will be wise to know how deeply the plowshare of sorrow and trouble may go to properly prepare the hearts of men for the rich blessings His Millennial Kingdom will have to bestow! Thank God for the assurance that Messiah's Kingdom will prove to be "the desire of all nations."

How Christ Will Come.

How unreasonable, how unscriptural, we now see were the theories respecting the Second Coming of Christ handed down from a darker time! We were informed that the Redeemer would come again in the flesh, whose only glory would be a kind of shining of the skin. We overlooked entirely the great change which came to our Master after He had finished the sacrificial work given Him to do. His ascension signified a return not only to Heaven, but also to the Heavenly condition which He left when He humbled Himself to be made flesh for the purpose of being man's Redeemer.

We overlooked the statement that He was "put to death in flesh, but quickened in spirit." We overlooked the fact that the Master declared, "My flesh I give for the life of the world." We overlooked the fact that the Scriptures assure us that flesh and blood cannot inherit the Kingdom of God, and that consequently the elect Church, before entering the Kingdom condition, must be changed by the power of the First Resurrection—made Heavenly, or spirit beings, like our glorified Redeemer.

From the foregoing it is not evident that the presence of the Lord will not be discerned except by the few? The masses will not know, even as the masses knew not in the time of Noah. But as Noah and his family knew about the coming Deluge, so the saints of God will know approximately the time of the great trouble with which this Age will close and the Kingdom Age be inaugurated. Thus the Apostle says, "Ye, brethren, are not in darkness, that that day should overtake you as a thief," though it shall come as a snare upon the whole world.—1 Thessalonians 5:1-6.

The period of Christ's presence, "as a thief in the night," unknown to the world, will be a time of special scrutiny and judgment in the Church—a time of giving reward to those found faithful. This dealing with the Church follows that will be given to the Apostles and all the faithful ones of the Church who have fallen asleep and have been waiting for this very hour and its blessings.

So the Apostle tells us that those of the Church alive and remaining until that time will not hinder, or prevent, those who have gone before. "The dead in Christ shall rise first." They will enter into the joys of their Lord first, and will experience the resurrection change first. Later on, the brethren then living will be dealt with, down to the last member. Then the Church having been glorified, the next step of the Divine Program will be in order—the Epiphania, or shining forth of the Lord in glory.

When speaking of Christ's Epiphania, or revealing, we are not to understand that His Parousia has ceased. Rather, as at the First Advent, Christ's presence covered a number of years, so His Second Advent His Parousia. The presence, will be for the entire thousand years of His Reign. At the first, however, the Parousia will be known only to the Church, and to them merely by the eye of faith. Subsequently, changed by the First Resurrection, they will see their present Lord as He is—a spirit Being. Then will come His Epiphania to the world—His shining forth in power and great glory. But this shining forth (Epiphania) will bring quite a shock of surprise to the world. It will mean a sudden blazing forth of God's righteous

indignation against everything sinful, against everything unjust.

The poetess caught the proper thought when writing respecting the Epiphania of Christ:

"I see the coming judgments
As they engulf all the earth,
The signs and groanings promised
To mark the second birth,
I read the righteous sentence
In the crumbling thrones of earth—
Our King is marching on!"

Nevertheless, this flaming forth of Messiah's judgments, severely awful as they will be, will be manifestations of the Love of God and of Christ. By the consuming of the dross in the fire of that tribulation, mankind will be blessed, transformed, uplifted, developed. This blazing fire in which Christ and His Church, God's Kingdom, will be revealed to mankind, is elsewhere in the Bible spoken of as the fire of God's anger. Of it we read that the proud and all that do wickedly will be as stubble, and that the fire of that time will consume them, root and branch. The hope, of course, is that as they realize the changed conditions they will drop their pride and their wickedness, and turn unto the Lord. He will send the flaming fire of judgments for the very purpose of consuming the world's impurities, and thus of blessing and purifying all who will learn to love righteousness.

When Christ Will Come.

Again we were misled by our creeds in respect to the time of Christ's Second Coming. Some of us declared that He already had come the second time and that His Kingdom was set up long ago. Our Catholic friends claim that the establishment of the Kingdom took place in the year 800, under Pope Leo III., and that the thousand years of Christ's Reign are in the past. We sincerely hope that they are in error; for, if that theory be correct, Christ's Kingdom has accomplished far less for the world than the Bible statement would lead us to expect. Protestants have also held that Christ's Kingdom has been established, that His Reign began centuries ago; that the Church of England has been reigning, also the Church of Germany, the Church of Sweden and the Church of Russia—each claiming authority in the earth.

The majority of Christian people are much confused, bewildered; but Bible students are of late getting a better focus upon this subject. They are seeing that, according to the Bible, we should still pray, "Thy Kingdom come; Thy will be done on earth, as it is done in Heaven;" that we should still wish for the Son of God from Heaven, and that we should still remember St. Peter's words respecting the Times of Restitution, blessing and favor, which will come to the world at the Second Advent of Christ.—Acts 3:19-21.

Admitting that those who interpret the prophecies to teach that we are now living in the time of the Second Advent of Christ are not infallible in their interpretation, we must, nevertheless, concede that there are signs all about us today which closely tally with what the Bible tells us respecting the condition of things which will obtain at Christ's Second Coming. Let us note some of these: St. Paul told of the end of the Age (also St. Peter), that it would be marked by a form of Godliness but lack the power; that it would be marked by disobedience to parents, by headiness, by high-mindedness, by love of pleasure, by unreliability. (2 Timothy 3:1-5.) Surely we see on every hand what answers well to these Apostolic prophecies of the closing time of this Age and the dawning of the New Age.

On the other hand, we have prophecies which tell us of glorious blessings due to come to the world in conjunction with Messiah's Second Advent. Heavily to the Lord's Word in the prophecy of Daniel. We read that in the Time of the End of the present order of things—in the time of the dawning of the new order of things) (1) "Many shall run to and fro;" (2) "Knowledge shall be increased;" (3) "The wise shall understand;" (4) "There shall be a time of trouble such as never was since there was a nation."

Are we not at the time when the whole world is on the move as never before in the past? Steamboats, steam and electric railways, etc., are only a century old and are only reaching their climax of efficiency. It would seem as though God had prospered human intelligence along these lines just at the opportune moment to bring in the running to and fro at the appropriate time—in the end of this Age.

Now about the increase of knowledge? Is it not true that greater increase has been made in knowledge within the past fifty years than ever before? Not only is this knowledge exemplified in tunnels, bridges, buildings, machinery, electric lighting and power, and in every conceivable device for human comfort, but it is especially marked in human education. Within the past thirty years free schools, free compulsory education, have seemingly been forced upon the people of every land, as though to fulfill this prophecy. "Knowledge shall be increased."

What about the statement that the wise shall understand? Many are perplexed by these things and wondering why are deserting the Bible and flocking to evolution theories, only to find them unwise. The wise are those who hold fast to the Word of God, and in its interesting light see new beauties. The only satisfactory explanation of the times in which we are living is that these are the days of the Son of Man.

Do not these things give the people of God a ground for faith that we are now in the closing of this Age and in the dawning of the Messianic Age, when the world is to be blessed by God's Kingdom? Many, of course, may scoff at the thought; but many others, God's saintly ones, are lifting up their heads and rejoicing, "knowing that their redemption draweth nigh."

Battlefield of Diest Presents Scene
of Havoc and Village Is
Harshly Scarred.

(Associated Press Telegram)
London, Aug. 17.—5:30 A. M.—A trip over the battlefield of Diest, Belgium, is described by the Brussels correspondent of the Daily News. He says: "I remember best a brown stretch of harrowed ground, half a furlough in length which is the grove of 1200 Germans who fell in the fighting of Wednesday. All over the field are other graves, some of Germans, some of Belgians and some of horses."

"When I reached the place, peasants with long spades were still engaged in the work of burial. The battleground is about three miles long with the village Haelen at one end. The village is harshly scarred. Its houses are pierced with bullet holes. Hardly a pane of glass remains. The church spires are tumbled over and the town clock wrenched from its place."

"As I passed across the battlefield a German biplane swept by like a carrier crow, seeking other victims. Later in the day I visited the Burges prison where 400 Germans are held. I never before saw men sleep as these men did. They lay like logs after seven days and nights of almost constant duty on the field of battle. These prisoners are no cowards. They surrendered only when no other course was possible. They were victims of the German military system which drills men out of all independence."

Banish the "Blues!"

If you have that depressed feeling it's more than likely that your blood is out of order—impoorished or poisoned. There is only one thing that will alter your present condition—that's to restore your stomach to normal health and strength. For a weak or diseased stomach cannot make good blood. If your digestion is bad your food will not make the good blood which nourishes body, brain, heart and nerve.

Dr. Pierce's Golden Medical Discovery

helps the stomach to do its work naturally and properly. Stimulates the liver. The system is freed from poison. The blood is purified. Every organ is rejuvenated. Instead of the "Blues," you feel fit and strong, equal to any task or up to any pleasure.

UNION SERVICE IN GRANVILLE BAPTIST CHURCH

Ralph Morrow Seriously Ill at the
Home of His Parents—Other
Village News.

(Special to The Advocate)

Granville, Aug. 17.—The union service in the Baptist church Sunday evening, with its special music and a fine sermon by Rev. S. W. Hamblin proved most interesting. Miss Emily Spencer was soloist in the anthem and Mrs. J. W. Rohrer sang the offertory both with pleasing effect.

Mr. and Mrs. E. J. Dorsey were favored by a week-end visit from two of their sons, Dr. George A. of Chicago, and Dr. Herbert G. of Dayton, who returned last evening to their respective homes.

The many friends of Ralph Morrow, both in Granville and Newark, will regret to learn of his severe illness at the home of his parents, Mr. and Mrs. S. E. Morrow in Prospect street, where he was brought Saturday afternoon from New Castle, Ind. After graduating from Denison in June, Mr. Morrow accepted a lucrative position with the Kitchen Cabinet company in Indiana and discharged his duties with his customary zeal until attacked by the illness whose symptoms resemble those of typhoid fever. Mr. and Mrs. Morrow, who have been absent from home for several weeks, returned Sunday morning.

Misses Alva Lenton and Josephine Spain of Columbus, and Miss Weinstein of Chicago are visiting Miss Mabel Herrick.

Rev. and Mrs. E. H. Jones and daughter Bessie who have made many warm friends in this community during their three years' residence here, will leave Monday evening for Chicago, the first stage on their journey back to Japan, the field of their missionary labors. Others stops will be at El Paso, Tex., Pasadena, Calif., San Francisco and Seattle.

Miss Isabel McFadden of Mt. Vernon, O., is the guest of Mrs. T. S. Johnson.

Mr. James Wolfe, a Denison alumnus, now electric claim agent for Westinghouse, Pittsburg, Pa., was in Granville a few hours Sunday calling on old friends.

Mrs. Howard Darrow and daughter Josephine left last night for Lakeside, Berrien county, Mich. for a fortnight's visit with friends.

(Special to The Advocate)

Granville, Aug. 17.—Miss Eva Johnson of Marietta is visiting her brother and sister, Professor and Mrs. W. H. Johnson in Burg street. Miss Johnson has been for years prominent in her own line of work in California as a member of the Red Cross association; president of the Los Angeles County Nurses' association, and member of the State Board of Councilors of the California State Nurses' association.

Miss Ruth McKibben has returned to Granville after a pleasant visit with Mrs. Robert Hunt in Springfield, Ohio.

Mr. and Mrs. Albert Guckert are enjoying an automobile tour to the east via Pittsburg, Philadelphia, Baltimore and other interesting points.

Mrs. M. G. Street of Cleveland, formerly of Granville, who has been attending the Baptist Assembly at Summerland Beach, is the guest for a few days of Mrs. W. P. Ullman in Pearl street.

Mrs. Hills and Miss Ransom of Columbus are Granville visitors.

Misses Grace and Genevieve Price of Chicago are visiting their grandmother, Mrs. Grace Rhoades, and will attend the Price reunion in the Welsh Hills.

Mr. Edward Belford of California arrived in Granville Saturday for a visit with his mother, Mrs. Belford and his sister, Mrs. Charles Robinson.

Miss Laura Marlow, matron of the Boys' Home in Toledo, is spending a week with her mother, Mrs. Louisa Marlow, at the family residence in Broadway.

The meeting of the Woman's Missionary Organization of the Baptist church which was postponed from last week on account of Granville Day at Summerland Beach, was held at the church with a large number in attendance, and great interest manifested in the program which offered some unusual features. The president, Mrs. D. C. Gilmore, presided with her customary ease and began promptly at half past two with the devotional exercises. Prayer was offered by Rev. S. W. Hamblin, after which the business on hand was promptly dispatched. The topic for the afternoon was "Missionary Motives," which was handled in masterly manner by Rev. E. H. Jones of Japan and Rev. D. C. Gilmore, recently returned from Burma. Each of these gentlemen is not only thoroughly informed and up to date, but is able to speak fluently and convincingly of that which he believes, and the audience caught the inspiration of their earnestness. Rev. E. H. Jones of Japan, who starts for his field of labor this week, told of the great need of his people because of their sin and degradation. He emphasized, as the primal missionary motive, a world lost without the Gospel message. Rev. D. C. Gilmore of the Baptist college, Raigon, Burma, spoke of five motives: duty—because Christ said "Go"; love—His love to us; sympathy with a lost world; fear to disobey, and hope of our Master's reward. The addresses were followed by prayer by Mrs. C. E. Goddell, and a vocal solo by Miss Imogene Hamblin, accompanied by Miss Mabel Jones, which was one of the delightful features of the program. Mrs. Gilmore after calling special attention to the union meeting to be held August 26, to which all the women of the village are cordially invited, extended an urgent invitation to all present to partake of the collation which will be served on the east terrace of the church, under direction of Mrs. Helen Hunt and her efficient circle. This charming outdoor repast was enjoyed by about

seventy-five people—men and women, old and young, who voted it one of the most enjoyable affairs of the entire season.

HOUCK'S VOTE

WILL PERFECT PLANS TO STOP SPECULATION

NEW YORK MAYOR'S COMMITTEE
133 TO AID IN REDUCING
LIVING COST.

Disorder in Brooklyn When Credit
Was Refused Thrown
Out of Work.

(Associated Press Telegram)

New York, Aug. 17.—Plans to stop speculation, which is said to have much to do with the increasing price of food were to be perfected today at a meeting of the executive board of the mayor's committee of 133, appointed last week to aid federal and county officials in their investigations of the causes of the upward trend in the cost of living.

Joseph Hartigan, city commissioner of weights and measures who is working with the committee, discovered, he said in a statement, that the wife of a poor man who bought her table supplies at market and from push cart peddlers was able to provide an excellent fare on little or nothing, as compared to the prices charged in stores in more fashionable sections. Fruit that sold for five and 10 cents apiece in the stores could be bought at the rate of six and eight cents from the pushcarts. In the Long Island City section of Brooklyn disorder occurred yesterday at meat markets, and grocery stores where credit was refused to persons thrown out of work on account of the war, closing the industrial plants in which they were employed. The police were prepared today to strengthen their guards in these districts.

OFFICIALS BEGIN
CHICAGO INQUIRY
(Associated Press Telegram)
Chicago, Aug. 17.—Inquiry into the present high price of food stuffs was begun here today by officials of the federal, state and city governments. Prosecution of firms or individuals held responsible for the recent advance in prices was planned. James H. Wilkerson, U. S. district attorney was prepared to serve subpoenas on men wanted to testify before the federal grand jury. Legislation providing for the punishment of dealers who make the war an excuse for advancing food prices beyond reason will be considered at a special meeting of the municipal market commission.

A HEALTHY, HAPPY WIFE
is the greatest inspiration a man can have and the life of the family, yet how many homes in this fair land are blighted by the ill health of wife and mother!
It may be backaches, headaches, the tortures of a displacement, or some ailment peculiar to her sex which makes life a burden. Every woman in this condition should rely upon Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, to restore her to health and happiness.

Charity.
Editor of Advocate:—I would like to suggest to the esteemed church brotherhoods of the city that it would be a good move on their part to supplement their evangelistic meetings in the court house park with some sort of a general charity organization for the relief of the needy and unfortunate especially for the relief of the aged and infirm and the widow and the fatherless—and so fulfill the law of Christ. I am certain there are enough cases in the city to call for such an organization.

"I was hungry, and ye gave me meat, etc.," saith the Savior.

It has always seemed a strange thing to me that our numerous churches in Newark are content to leaving the work of systematic charity of the Salvation army and the King's Daughters, and it has also seemed strange to me that the King's Daughters can not secure the use of any church basement when they want to serve a dinner or supper as a means of raising the necessary funds for their work of charity and beneficence.

Skin Without Wrinkles
Now Easy to Have
There's no excuse for any woman having wrinkles now. It has been found that a simple mixture of sassafras and witch hazel has a remarkable action upon the deepest wrinkles, no matter what their nature, whether caused by worry, habit, crow's feet, a debilitated condition or the ravages of Father Time. This harmless remedy, which anyone can easily make and use at home, acts both as an astringent and a tonic. The combined effect of tightening the skin and heightening its vitality is to immediately affect every line and wrinkle, keeping the cuticle smooth and firm as in youth. The pronounced one-ounce sassafras (powdered) to one-half pint witch hazel, ingredients which are found in every drugstore. The solution should be used as a wash lotion. It is equally effective in disposing of flabbiness of cheek and neck, as well as sagging below the eyes.—Advertisement.

They were on their way to the picnic. "Gracious! It's going to rain today," exclaimed Mrs. Buggins. "What makes you think so?" asked her husband. "I came away and left all the windows open," replied Mrs. Buggins.

STATE MEETING IS TO BRING 900 DELEGATES

Nine hundred delegates are expected to be present at the State convention of the W. C. T. U. which is to be held in the First M. E. church, starting October 12 and lasting four days.

The W. C. T. U. was first organized in the state of Ohio and at present it has 36,000 members in this state. From so large an organization, it is easily conceded that the convention will be one of importance.

There will be addresses from prominent men of the country and addresses by many of the members. Last year 800 women attended the convention.

NEWARK PEOPLE
LEFT EUROPE
FOR AMERICA

A cablegram received by E. C. Wright, of the First National bank, Sunday, announced the immediate departure of Miss Mary Sprague and Miss Sarah Buckingham for the United States. Miss Sprague and Miss Buckingham are concluding an extended tour of Europe and by this time they are safely on board ship. They were to have sailed from Liverpool, Sunday, for New York. The cablegram failed to say on what vessel they had booked passage. Difficulties in trans-Atlantic sailings make it impossible to set any date for the arrival of the vessel at the port of New York. The Newark party is expected to reach New York sometime the first of next week, however.

EASY TO DARKEN YOUR GRAY HAIR

Try This! Mix Sage Tea and Sulphur and Brush It Through Your Hair, Taking One Strand at a Time.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home, is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Hair Remedy." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning, all gray hair disappears and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger. Agents, Hall's Drug Store.
